Main award winners will be notified in due course of the date and venue for the Presentation, and Team Diplomas will be despatched as soon as possible. Please wait until 30 September before chasing the Team Diplomas.

As always, the Organising Committee put a lot of effort into this year's Rally. Although entries were down on 2010, many more new riders took part this year and it is hoped that they will be tempted to join us again next year and talk their friends into having a go with them. One of the effects of the good weather was that more riders finished this year and most comments received by the Committee have been very favourable.

We do value your comments and you can now do this by visiting the website, www.nationalroadrally.co.uk where we have established forums to enable you to discuss and comment on-line.

The Organising Team would like to express their sincere thanks to MIRA for allowing us to hold the Special Test on Saturday and Final Control on Sunday.

Their friendly help and the facilities provided are very much appreciated and without which the event would not have been such a success.

These thanks also apply to volunteers who man the Controls throughout the country and at MIRA. Without their hard work and dedication there would be no event and we are sure you will join us in expressing your thanks to those people.

Details for the 2011 Rally are being discussed so please keep an eye on the Rally website and in the press for further information. Thank you for your entry and we look forward to seeing you next year.

The National Road Rally Organising Committee.

Plans are already underway for next year's Rally. The date will be confirmed as soon as possible on the website, and by e-mail or post.

Thank you for your support!

Thank you to all the riders who supported Mencap this year. We are still receiving sponsorship, but we hope to raise around £15,000!

This money will support Mencap to work with people with a learning disability, and their families and carers, across England, Wales and Northern Ireland. There are 1.5 million people with a learning disability in the UK. Most are treated as 'different'. They do not have the same control over their own lives as the rest of our society.

That's why Mencap is here. We work with people with a learning disability to change laws and services, challenge prejudice and directly support thousands of people to live their lives as they choose. We also provide a full range of vital support services, enabling more people with a learning disability to lead fulfilled and independent lives.

Thank you to all riders in the 2010 National Road Rally.
We hope you had a good ride, and hope will join the Rally again next year and once again raise money for Mencap.
